

# MOVEABLE STEEL GANTRY CRANE

## Feature

- » Robust light weight steel construction
- » Can go where forklift or stacker can not.
- » Heavy duty supported leg design.
- » Balanced design allows for easy maneuvering, even under load.
- » Simple bolted construction.
- » Easy for assembly, disassembly and maintenance.
- » 4 casters to keep good moveability and maneuverability.
- » Patented product, all right reserved.
- » Comply with standards EN ISO12100-1:2003 & EN ISO12100-2:2003.
- » Comply with ANSI/ASME B30.17 standard.

Model	Capacity		Operating height		Width between uprights		Casters		N.W.		20'ft Container
